

Team Hat Trick, Sunday 13th March

Sunday was a great weekend for KORR riders, with the 3rd & 4th rounds of the British Enduro Sprint Championship coming next weekend each KORR rider raced at local events to prepare themselves.

Greg Evans 350 XCF completed Rd1 of the Welsh Enduro Championship the “Wentwood” in South Wales. A short 12 mile course and a very tight forest test full of roots and stumps was even tougher than planned due to heavy overnight rain. The test was timed only twice and Greg took an advantage of about 10 seconds over his friend Ashley Woods KTM 125EXC. However the event would be decided on the going, 8 very quick laps with the last two impossible to clean, Greg lost 6 minutes in total and 4 less than his rival Ashley to take the win.

Greg Evans “ It was a great Enduro, very well organised and a real work out, i’m glad it stopped raining and the sun came out for the day, I am pleased with the way I rode and the bike was perfect in these conditions and each week I get more confident with the 350 and really looking forward to the Sprint in Monmouth”.

Daryl Bolter 250 XCF choose to compete at Matterly Estate , Track and Trail 3 Hour race and took the win.

Daryl Bolter “The race went well for me, it was a fast flowing track that seemed like it was going to suit the bigger bikes but the XCF 250 stood up to the job very well. I changed a few settings prior to the race and I definitely have a better feeling on the bike now. The first hour was close between me and Matt Ridgeway as when it was fast it was flat out and when we went in the woods it was a struggle to pass and therefore it was difficult to pull time. After fuel something clicked and i felt much better, so with the riders thinned out i pushed hard in the final half of the race and pulled about a 3 minute lead in as many laps, I kept pushing until the end off the race to really try and improve my riding fitness. I felt good at the end and pleased with the changes so hopefully can carry it onto the sprint”.

James Giddings 125 EXC “ about 100 riders turned up for South Reading MCC's first hare and hound of the year at Ashdown Farm. The club had done an awesome job of setting out a course consisting of tight, twisty woodland combined with flat out straights.

The race started at 11.00 in perfect sunny conditions and I took the lead from the first lap, followed by Jack Turner. I made few mistakes and dropped back to second for the mid part of the race, but a strong push towards the end and my 125 EXC took the victory. I really enjoyed today, the track and the conditions were spot on, and once again the 125 and the KORR setup have proven to be perfect.'

Jonny Walker KTM 300 EXC raced a local MX at Brampton and finished 3rd overall.

Next Event: Rd3 & 4 British Enduro Sprint Championship, Monmouth
